## Steering Committee

In 2005, YOIKK Steering Committee has been established with the aim of coordinating and monitoring the works of the Technical Committees, and helping the agenda setting process of the Committees.

Steering Committee is composed of representatives of public and private institutions. The private sector representatives in the Steering Committee are;

- TOBB (The Union of Chambers and Commodity Exchanges of Turkey),
- TÜSİAD (Turkish Industrialist and Businessmens' Association),
- TİM (Turkish Exporters Association) and
- YASED (International Investors Association).

Please follow the [link](#) to see the flow chart of the Steering Committee.

The Steering Committee meets once a month with a different agenda. The studies of the Technical Committees are coordinated mainly by the Technical Committees. The success of the Technical Committees is also evaluated in this platform. Also the problematic areas which was met in the Technical Committee studies is discussed in Steering Committee, which is a higher level compared to Technical Committees in the Reform Program Structure.

The private sector institutions also have representatives in each Technical Committee. The secretariat of the Steering Committee is carried out by the Ministry of Economy.
